

INFORMED CONSENT AND REQUEST FOR REPAIR OF RELAXATION OF PELVIC ORGANS

DO NOT SIGN THIS FORM UNTIL YOU HAVE READ IT AND FULLY UNDERSTAND ITS
CONTENTS

PATIENT'S NAME _____

The following has been explained to me in general terms and I understand that:

1. The diagnosis requiring the procedure is a relaxation (stretching) of the supporting tissues of the vagina resulting in a) sagging of the bladder into the vagina (cystocele), b) bulging of the rectum into the vagina (rectocele) and/or c) bulging of the intestine into the top of the vagina (enterocele).
2. The nature of the procedure is to surgically strengthen and repair the supporting tissue of the vagina.
3. The purpose of the procedure is to a) suspend ("tack up") the bladder and/or reposition the tube (urethra) that connects the bladder to the outside of the body (cystocele); b) repair the bulging of the rectum into the vagina (rectocele); and/or repair the bulging of the intestine into the top of the vagina (enterocele).

4. MATERIAL RISKS OF THE PROCEDURE

As a result of this procedure being performed, there may be material risks of:

Infection, Allergic Reaction, Disfiguring Scar, Severe Loss of Blood, Loss or Loss of Function of any Limb or Organ, Paralysis or Partial Paralysis, Paraplegia or Quadriplegia, Brain Damage, Cardiac Arrest or Death.

5. In addition to these material risks, there may be other possible risks involving this procedure including but not limited to:
 - a. possible injury to bowel, bladder, ureter or other pelvic or abdominal structures;
 - b. possible fistula formation (an opening between bowel, bladder, ureter, vagina and/or skin) caused by an injury to the bowel, bladder, or ureter;
 - c. possible formation of blood clots;
 - d. possible blood loss necessitating transfusion which carries the risk of exposure to AIDS, hepatitis, and other infectious diseases;
 - e. possible need for immediate surgery or other additional surgery, which might include a colostomy;
 - f. possible hernia at the incision site;
 - h. possible emboli (clots of blood and other material) that may travel to other parts of the body;
 - g. possibly no improvement or only temporary improvement in urine control;
 - h. possible prolonged need of a catheter to drain the bladder;
 - i. possible pain or discomfort with sexual intercourse.
6. The likelihood of success of the above procedure is: ()good; ()fair; ()poor.
7. The practical alternatives to this procedure are: do nothing and accept the consequences of the patient's condition, artificial supports (pessaries), and exercise.
8. If the patient chooses not to have the above procedure, the prognosis (predicted future medical condition) is a continuation or worsening of current medical problems.

I understand that the physician, medical personnel and other assistants will rely on statements about the patient, the patient's medical history, and other information in determining whether to perform the procedure or the course of treatment for the patient's condition and in recommending the above procedure.

I understand the practice of medicine is not an exact science and that **NO GUARANTEES OR ASSURANCES HAVE BEEN MADE TO ME** concerning the results of this procedure.

I understand that during the course of the procedure described above it may be necessary or appropriate to perform additional procedures which are unforeseen or not known to be needed at the time this consent is given. I consent to and authorize the persons described herein to make the decisions concerning such procedures. I also consent to and authorize the performance of such additional procedures as they deem necessary or appropriate.

I also consent to diagnostic studies, tests, anesthesia, x-ray examinations and other treatment or courses of treatment relating to the diagnosis or procedures described herein.

BY SIGNING THIS FORM, I ACKNOWLEDGE THAT I HAVE READ OR HAD THIS FORM READ AND/OR EXPLAINED TO ME, THAT I FULLY UNDERSTAND ITS CONTENTS, AND THAT I HAVE BEEN GIVEN AMPLE OPPORTUNITY TO ASK QUESTION AND THAT ANY QUESTIONS HAVE BEEN ANSWERED SATISFACTORILY. ALL BLANKS OR STATEMENTS REQUIRING COMPLETION WERE FILLED IN AND ALL STATEMENTS I DO NOT APPROVE OF WERE STRICKEN BEFORE I SIGNED THIS FORM. I ALSO HAVE RECEIVED ADDITIONAL INFORMATION INCLUDING BUT NOT LIMITED TO THE MATERIALS LISTED BELOW RELATING TO THE PROCEDURE DESCRIBED HEREIN.

I voluntarily consent to allow Dr. _____ or any physician designated or selected by him or her and all medical personnel under the direct supervision and control of such physician and all other personnel who may otherwise be involved in performing such procedures to perform the procedures described or otherwise referred to herein.
